

February 14, 2006

For Immediate Release

Marianne Price, Industry Coordinator for the Iron Horse Trail announced today that the Iron Horse Trail logo is now a registered trademark. Price further said "Having our logo as a registered trademark is an important step. We want to uniquely identify ourself in the market place and having the trademark protects that brand identity. I think the registration gives us a professional look and assures the public of the authenticity of the Iron Horse Trail experience."
