

ELK POINT WEST CEMETERY

This graveyard is located north east of the Elk Point Golf Course.

Note: To easily locate the graves I have given each a grave an approximate location number. On the right side of the following pages is listed the location. The rows to the south of the middle have been given the "S" letter beside them and likewise the rows to the north of the middle have been given the "N" letter beside them. Row number one begins at the gate.
